

TARIFF BILL.

The Action of the Senate Committee a Surprise.

The Measure Knocked on the Head by Senator Jones.

He Votes With Silver Men to Substitute a Free Silver Amendment—This Makes the Measure a Bill for Free and Unlimited Coinage of Silver.

WASHINGTON, Feb. 5.—The action of the senate committee on finance Tuesday morning in substituting a provision for the free coinage of silver for the tariff bill was unexpected to the republican members of that committee, for they did not believe, as one of them remarked after the meeting adjourned, the silver men would carry out their threat of substituting silver for every other proposition that came before that committee.

Shortly after the committee met at 11 o'clock Mr. Morrill, the chairman, announced that he and his republican associates were determined that the tariff bill should be reported to the senate Tuesday in some shape, either as it came from the house with amendments or adversely. Then Mr. Vest, of Missouri, said that the matter had been discussed by the silver men of the committee and they believed that the proper disposition of the subject was to be found in a motion which he would make. He then moved to strike out all after the enacting clause and substitute therefor a provision for the free and unlimited coinage of silver. The motion prevailed.

Mr. Wolcott, although a silver man, is recorded against the substitute, for the reason that at the last meeting of the committee he stated that he was in favor of the bill as it came from the house. With Mr. Wolcott so voting the majority for the substitute is 1, that situation being made possible through the action of Mr. Jones, of Nevada, who has heretofore acted in unison with the republicans on tariff questions.

Soon after the senate convened Mr. Morrill reported the bill with the substitute, to the senate. It was understood in committee that he will endeavor to call it up Wednesday and have it made the unfinished business.

Republicans, while professing to believe that they can pass the bill, seem to have reached a point where they are willing to permit the silver element of the senate to do anything of which it may be capable and for which it may have the strength, so that the country may know in whose hands the power of the senate lies. They will, therefore, urge speedy action, so that the result may be definitely determined and the question, so far as this congress is concerned, disposed of finally.

HOUSE COMMITTEE

Refuses to Concur in the Bond Bill as Amended by the Senate.

WASHINGTON, Feb. 5.—The house bond bill with the free silver substitute agreed to by the senate was taken up by the house ways and means committee Tuesday morning. While the majority members would not state definitely what action would be taken, they hoped, they said, to finish consideration of the measure at Tuesday's session.

Messrs. Dingley, Dalczell, Hopkins, Grosvenor, Steele, Johnson, Evans and Tawney, republicans, and Crisp, Turner, Tarsney, and McLaurin, democrats, were present when the committee was called to order, and Mr. Wheeler (dem., Ala.) arrived a few minutes later. Mr. Crisp, as soon as the committee had begun its session, moved to concur in the senate amendments. The committee by a vote of eleven to three, refused to concur in the senate free silver substitute for the house bond bill. After the motion to concur was defeated it was agreed to take the bill up in the house as soon as the district appropriation bill has been disposed of. Debate on the measure will probably be limited to two days.

TROUBLE EXPECTED.

Republicans Will Attempt to Unseat Tompkins and Kauffman—Democrats Will Retaliate by Unseating Four Senators.

FRANKFORT, Ky., Feb. 5.—The house republicans have decided to attempt to unseat Tompkins and Kauffman, democrats, Wednesday, and elect Dr. Hunter senator at once.

Serious trouble may occur at Wednesday's joint session if the house republicans unseat Tompkins and Kauffman. It is said that within five minutes after the unseating the senate democrats have arranged to expel four republican senators, appoint extra door keepers to keep them out of the joint session and then take a ballot for United States senator. Ladies are warned to keep away Wednesday.

The St. Paul Again Alloat.

ASHBY PARK, N. J., Feb. 5.—The steamer St. Paul was floated Tuesday morning at exactly 9:50, and is now on her way to New York in tow of several tugs. When the boat slid off the bar into deep water there was a tooting and screaming of whistles that startled the people and sent them down to the beach in large numbers. The steamer bid good by to Long Branch with several loud blasts and ran up her flags in honor of the occasion.

RUNYON'S SUCCESSOR.

Edwin Uhl, Assistant Secretary of State, Tendered and Accepted the Position.

WASHINGTON, Feb. 5.—Mr. Edwin Uhl, of Michigan, assistant secretary of state, has been tendered the post of

RON. EDWIN F. UHL.

ambassador to Germany to succeed the late Ambassador Runyon. Mr. Uhl has accepted the tender and the nomination will go to the senate this week, probably Wednesday.

Pleased Over Uhl's Appointment.

The audience turned itself into a mass meeting at once, and addresses were made by Hon. T. J. O'Brien and Postmaster Carroll. Resolutions were adopted tendering thanks to the president for honoring the state of Michigan and congratulating Mr. Uhl upon the honor conferred.

WANTS HEAVY DAMAGES.

A San Francisco Woman Sues the Pullman Palace Car Co. and Rio Grande Railroad Co. for \$100,000.

CHICAGO, Feb. 5.—Mrs. Lydia Spalding, who is a hotel keeper in San Francisco, brought suit Tuesday in the superior court against the Pullman Palace Car Co. and the Denver & Rio Grande Railroad Co., claiming \$100,000 damages and alleging false arrest and imprisonment. The bill states that in June last Mrs. Spalding was traveling from San Francisco to Europe and that when the Rio Grande train stopped at Leadville she was taken from the Pullman sleeper by a deputy sheriff and looked in the jail. She declares she was only told that she was under arrest and that no charge was even made against her, nor was she taken into court. After being 48 hours in a filthy room with ten male prisoners she says she was released. The plaintiff also claims to have lost \$8,000 in money, jewelry, steamship and railroad tickets, being obliged to buy new tickets in order to proceed to Europe. It is charged that the arrest was instigated by the Pullman company employees for the purpose of robbery. When she returned to San Francisco Mrs. Spalding says her friends regarded her with suspicion and her character has been placed under a cloud.

STARTLING DISCOVERY.

Post-Mortem Examination of the Body of the Woman Murdered at Fort Thomas.

NEWPORT, Ky., Feb. 5.—The post-mortem which Coroner Tingley and a number of physicians held Monday afternoon at White's undertaking establishment in Newport revealed the fact that the murdered woman was approaching motherhood. The doctors found no trace about the body which would indicate that the girl's life had been one of dissipation.

The physicians and the detectives now believe that the murdered woman was little more than a girl, whose crime was that of trusting too confidently and loving too well. In order to determine whether or not she was drugged, her stomach was turned over for analysis to Dr. W. H. Crane, of the Ohio medical college.

Three days have passed, and not one single clue of apparently the slightest importance has been picked up by the men who are investigating the Ft. Thomas horror.

The case is absolutely unique in the criminal history of America, and perhaps the world.

The Bids for Bonds.

NEW YORK, Feb. 5.—It is the opinion of financiers here that the bonds to be issued on bids that will be opened at noon Wednesday will net the government about \$100,000,000. The bids of the big New York houses are of such proportions as to indicate that the loan will be over subscribed.

CLEVELAND, O., Feb. 5.—The Anneke Jans heirs, as the claimants to the millionaire's property in the possession of Trinity Church corporation of New York are called, held their first general meeting in this city Tuesday afternoon. About 250 representatives of the heirs were present, including delegates from nearly every state in the union and also from Canadian provinces. The meeting was presided over by L. A. Guerinneau, of Terre Haute, Ind. The first business was the appointing of a committee of 13 to permanently organize for the holding of the present meeting and the meetings to be held in the future.

The committee passed resolutions that all the different associations of the heirs be advised to join the Anneke Jans international union. A sub-committee of 12 was appointed to select an attorney who will go to New York and look up the title of the estate and also will give an opinion as to whether the heirs have sufficient grounds on which to contest the church's right to ownership of the property.

SENATOR MORGAN SHOT.

A Copy of the Atlanta Constitution in His Pocket Saves His Life.

NASHVILLE, Tenn., Feb. 5.—Senator L. B. Morgan, of Tullahoma, was shot Tuesday by Henry Holder and was saved from being killed by a copy of the Atlanta Constitution which was folded in the senator's left breast pocket. The ball passed through the paper and grazed the skin.
